

MAY 2020

Dear

Adversity. There is no doubt you have been facing it over the last several weeks. As an institution, we could not anticipate the kind of financial adversity this pandemic brings. Your gift to the Bethel College Fund will help our students, staff, and faculty with their immediate needs.

The ability to overcome adversity is why Bethel College is important and why the liberal arts are valuable. Bethel can weather adverse conditions because of you.

Your support.
Your prayers.
Your financial contributions.

Your gift to the Bethel College Fund will help Bethel today and benefit our society tomorrow. At Bethel, our students prepare for more than just being an employee. They prepare for meaningful lives of work and service — as a teacher, a business leader, a nurse, a research scientist, a graphic designer, a doctor, and so much more!

You can provide opportunities for our students — opportunities that allow them to learn how to change the lives of others by owning and enacting their faith, by demonstrating compassion for the powerless, and by engaging in critical thought.

In the past, you have been a provider for our students. I encourage you to renew your support by giving a gift to the Bethel College Fund, before June 30, at www.bethelks.edu/gift

Your gift can change the lives of our students and the communities they will serve in the future.

WE ARE THRESHERS!
