Holocaust Remembrance: Gabriella Karin

Date posted: January 13, 2022

Coming Thursday, January 27 @ 12:30 PM on Zoom:

Please join the Leadership Institute on Holocaust Remembrance Day as we honor the many millions who died during the holocaust and work to prevent future genocides.

Gabriella Karin, sculptor and Holocaust survivor, will talk about her experience as a child during WWII. Separated from her parents, she was placed in a Slovakian convent for three years. As an adult, suppressed memories of her past came flooding back once she began to fashion sculptures related to the Holocaust.

Rather than depicting a sense of anger, Ms Karin's work and her lectures exudes hope that her story can prevent persecution and cruelty in the world.
