RE: Communication Tool

The Tolowa Dee-ni' Nation is establishing a mass communication system to inform Tribal citizens about the Tribal Government's response to the COVID-10 crisis.

The emergency communication tool is called One Call Now. We will be using this service to broadcast information via text and voice messages. If the Enrollment Department has your current phone number, you will be automatically signed up for the service. If your number is not current and you would like to sign up, please call the Enrollment Department at (707) 487-9255. You may opt out by calling the same phone number.

The emergency communications system is only one of the ways the Nation is informing its citizens. We are also using our Facebook page, news media and the website to keep everyone up to date.
