Abstract: Speaker 2 talks about how the COVID-19 pandemic has affected their faith and beliefs. They also talks about what changes have been made in regards to interacting with their religious community and the state of community service within that community.

Speaker 1 0:00

How has COVID-19 affected your faith or beliefs?

Speaker 2 0:03

I don't think it has, I think it's just as strong as it was before.

Speaker 1 0:08

Is your religious community still gathering currently?

Speaker 2 0:12

We've been gathering over social media platforms. We had continued to do our Wednesday Bible stud but unfortunately, the past two weeks we've been unable to do so. Hopefully within the next couple of weeks they'll be back up and running again.

Speaker 1 0:30

How has COVID-19 affected your participation in your religious community?

Speaker 2 0:34

Unfortunately, participation hasn't been at its best. However, I've been using all the teachings that our Fathers at the church have taught us and I've been applying that to the past couple weeks of my life.

Speaker 1 0:51

Is your religious community supplying or engage in any kind of community service and an attempt to help alleviate issues caused by the pandemic?

Speaker 2 1:01

We have not, just for everybody's safety, however, before this whole thing kind of got out of hand, our Fathers have given us ideas of things to do during quarantine to keep our faith and beliefs strong throughout this whole pandemic.
