

# FIRST 42 DAYS

A VISUAL ARCHIVE  
DEMONSTRATING THE  
CONTRAST OF DAILY  
LIFE BEFORE VERSUS  
DURING THE 2020  
PANDEMIC

# ABOUT THE EXPO

---

Elaine Cohen, age 73 years compiled ***First 42 Days***, a t-shirt chronicle of staying at home living in Massachusetts with the Covid virus.

The photographs depict her husband, Don Milotte, age 72 years, in the same pose with a different t-shirt each day.

The t-shirts represent their lives before the virus and the years of adventures, interests, family celebrations, and travels experienced prior to the virus.

# ELAINE COHEN, PHOTOGRAPHER

---

"This is an extraordinary time and our creative way to journey through it is to document staying at home the first 42 days expressing what we have left behind, and to give meaning to what we have lost."
