Good. [INAUDIBLE]

OK. Show it, just to make sure everything just looked like it was--

Hi.

Hi!

[INAUDIBLE]

So far, we raised over \$75,000. And we placed the first order of 100,000 face masks. Today, we are delivering 16,000 here to this vendor's health foundation.

We heard about the PPE shortage across Wylie for our medical professionals. We want to jump in to help them with our resources, to help with them and to get the needs they deserve. We want to protect all the people around us, and we want to do whatever we can do to bridge that gap.
