In support of our nation's efforts to contain COVID-19, RWN offices are closed until further notice. While our offices are closed, all staff members are remotely working to assist and guide clients during this moment of uncertainty.

It's important for us all to stay calm and informed in these challenging times to ensure our personal health and safety along with the health and safety of our communities.

If you have any questions our staff members can be reached directly with the included contact info.

Refugee families are most vulnerable in the midst of a crisis. Many of our clients have been laid off, and are in need of support. Please help RWN continue its mission driven work of providing vulnerable refugee families stabilizing services and access to resources while keeping everyone safe and COVID-19 contained.

We're also using this time to adapt our social entrepreneurship ventures. We look forward to sharing these efforts, in the coming week.

*We're honored to be a part of your lives. Stay safe, stay strong. We will get through this **together**.*
