Good Hygiene practises have taken place whilst servicing your car today. We have taken measures to help stop the spread of the Coronavirus by spraying your car down with Dettol Glen 20, at drop off as well as once servicing or repair was completed.

Also, where possible we have avoided switching on the Air conditioning / Heater controls inside your vehicle.

Customers car keys were left & collected at a 'slot' box on the garage door, so there was no personal interaction between customer & staff. J. Whilla
