

My reflection

As the school bell rings
Marking the end of the day
Saying bye to friends
I will see them on Monday

Getting on the bus
Heading home to finish work
Then a quick catnap
No worries at all we thought

Breaking news, no school
Online class, what's that about?
March sixteenth Zoom calls
Quarantine what does that mean?

Define pandemic...
No graduation, no prom?
No regents, no tests
Wear a mask for this new quest
