

#StrongerTogether

No images? [Click here](#)**Dear Shani**

The NCJWA (Vic) is delighted to invite leaders and change makers from all Jewish organisations who have gender equality aspirations and goals to join our inaugural Gender Equality Webinar, 'Gender Equality: Tips, Hurdles and Successes'.

The purpose of this webinar is to support leaders and change makers from Jewish organisations to succeed in achieving their gender equality aspirations. By providing an inspirational and informative interactive forum for organisations to learn from others' experiences, lessons, hurdles and successes in gender equality.

Wednesday, 12 August 2020, 1pm-2pm**Via Zoom****[Register Now](#)**

The banner features a red circular button on the left with the text "REGISTER NOW". In the center, the title "GENDER EQUALITY: TIPS, HURDLES & SUCCESSSES" is displayed in white text on a blue background. Below the title are three small portrait photos of the guest speakers: Cameron McLeod, Jennifer Huppert, and Annette Charak. At the bottom, it says "webinar with guest speakers" and lists their names: "Cameron McLeod, Jennifer Huppert & Annette Charak". The NCJWA VIC logo and the hashtag "#genderequality" are also visible.

This online webinar will be interactive, with three speakers and time for participant questions. Speakers include:

- **Cameron McLeod (General Manager, Community Engagement, North Melbourne Football Club (NMFC).** A social entrepreneur and transformational leader, Cameron is passionate about harnessing the power of sport to create social and economic change to reach and engage disadvantaged communities) to discuss how NMFC

has driven Workplace Equality and Respect into reality including drivers, goals, how they began, challenges and advice.

- **Jennifer Huppert (President of the Jewish Community Council of Victoria (JCCV)**, Board member of the Victorian Equal Opportunity and Human Rights Commission, a lawyer who has served on not for profit Boards, the Legislative Council of the Parliament of Victoria and was a director of the Emergency Services State Superannuation Fund) to discuss how JCCV has implemented gender equality into its policies and procedures.
- **Annette Charak (President of Shira Hadasha, an Orthodox synagogue, pushing the boundaries of women's involvement in synagogue life)** to discuss how this synagogue has managed to meld Jewish Orthodox practice and gender equality.

This webinar is part of the [#MakeSpaceForHer](#) campaign and will launch our Gender Equality Community of Practice, an ongoing regular informative and interactive forum in which organisational leaders and change makers can learn from each others' experiences, lessons, hurdles and successes in gender equality.

Best wishes,

Miriam Bass
