

War Of The Worlds Opening monologue (29th October 2021)

No one would have believed
In the last years of the 19th century
That human affairs were being watched
By intelligences that inhabited the timeless worlds of space.
No one could have dreamed we were being scrutinized
As someone with a microscope studies creatures
That swarm and multiply in a drop of water.
Few men even considered the possibility of life on other planets
And yet, across the gulf of space
Minds immeasurably superior to ours
Regarded this Earth with envious eyes,
And slowly and surely, they drew their plans against us.

No one would have believed
In the early months of the 2020s
That human affairs weren't being watched
By the people in authority
No one could have dreamed that situations weren't being scrutinized
As someone with a microscope studies creatures
That swarm and multiply in a drop of water
Few people even considered the possibility of a catastrophic pandemic
And yet, across that gulf of inactivity
A virus immeasurably more cunning than us
Regarded this Earth with envious eyes
And slowly and surely, there were no plans to save us.....

I. Bucks Fizz – Making Your Mind Up (5th November 2021)

You gotta speed it up
And then you gotta slow it down
'Cause if you believe that our love can hit the top
You gotta play around
But soon you will find that there comes a time
For making your mind up

You gotta turn it on
And then you gotta put it out
You gotta be sure that it's something
Everybody's gonna talk about
Before you decide that the time's arrived
For making your mind up

Don't let your indecision
Take you from behind
Trust your inner vision
Don't let others change your mind

And now you really gotta burn it up
And make another fly by night
Get a run for your money
And take a chance and it'll turn out right
But when you can see how it's gotta be
You're making your mind up

You see the rates go up
And then you see the rates go down
Cos if you believe that our rates have hit the top
You gotta look around
But soon you will find that there comes a time
For putting your mask on.

You gotta put it on
And then you've gotta keep it tight
You've gotta be sure that it's something
Everybody's gonna know is right
When you decide that the time's arrived
For putting your mask on.

Don't let your indecision
Take you from behind
Trust your inner vision
Don't let others change your mind

And now you've really got to keep it on
Before the rates are out of site
Keep it stuck to your face
Don't take a chance that it'll turn out right
Because you can see how your better off
For putting your mask on

And try to look as if you don't care less
But if you wanna see some more
Bending the rules of the game
Will let you find the one you're looking for
And then you can show that you think you know
You're making your mind up

Don't let your indecision
Take you from behind
Trust your inner vision
Don't let others change your mind

And now you really gotta speed it up
And then you gotta slow it down
'Cause if you believe that our love can hit the top
You gotta play around
But soon you will find that there comes a time
For making your mind up

And now you really gotta speed it up
And then you gotta slow it down
'Cause if you believe that our love can hit the top
You gotta play around
But soon you will find that there comes a time
For making your mind up
For making your mind up
For making your mind up
For making your mind up

Ignore the ones who say they don't care less
Cos if you want to live some more
Bending the rules of the game
Could leave you lying flat out on the floor
And then you will wish that you'd heeded rules
For putting your mask on

Don't let your indecision
Take you from behind
Trust your inner vision
Don't let others change your mind

And so you've really got to wear you mask
And then we'll see the rates go down
Cos if you believe that our rates have hit the top
Just have a look around
But soon you will find there comes a time
For putting your mask on

And so you've really got to wear you mask
And then we'll see the rates go down
Cos if you believe that our rates have hit the top
Just have a look around
But soon you will find there comes a time
For putting your mask on
For putting your mask on
For putting your mask on
For putting you mask on

2. Abba – Take A Chance On Me (12th November 2021)

If you change your mind
I'm the first in line
Honey, I'm still free
Take a chance on me
If you need me, let me know
Gonna be around
If you've got no place to go
When you're feeling down

If you're all alone
When the pretty birds have flown
Honey, I'm still free
Take a chance on me
Gonna do my very best
And it ain't no lie
If you put me to the test
If you let me try

Take a chance on me
That's all I ask of you, honey
Take a chance on me

We can go dancing (oh)
We can go walking (yeah)
As long as we're together (long as we're together)
Listen to some music (oh)
Maybe just talking (yeah)
Get to know you better (get to know you better)

If it's on your mind
Be the first in line
If you're symptom free
Take an LFD
If you've symptoms, let me know
I won't be around
'Til your cough has gone away
And your fever's down

Hope you're not alone
When the test results are known
Blimey, I'm still free
Took my LFD
Gonna do my very best
And it ain't no lie
If you love me take a test
No need to be shy

Take an LFD
That's all I ask, it's not funny
Take an LFD

(If your positive), we can't go dancing
We can't go walking
We can't be together
(You'll have to) listen to some music
Watch the whole of Netflix
'Til you're feeling better

'Cause you know I've got
So much that I wanna do
When I dream I'm alone with you, it's magic
You want me to leave it there
Afraid of a love affair, but I think you know
That I can't let go

If you change your mind
I'm the first in line
Honey, I'm still free
Take a chance on me
If you need me, let me know
Gonna be around
If you've got no place to go
When you're feeling down

If you're all alone
When the pretty birds have flown
Honey, I'm still free
Take a chance on me
Gonna do my very best
And it ain't no lie
If you put me to the test
If you let me try

Take a chance on me
Come on, give me a break, will you?
Take a chance on me

Oh, you can take your time, baby (oh)
I'm in no hurry (yeah)
Know I'm gonna get you (know I'm gonna get you)

So I hear you've got
Cough, fever and anosmia too
I don't want to be alone with you, it's tragic
I'll just have to leave you there
Forget any love affair, 'cause I think you know
Covid scares me so.

If it's on your mind
Be the first in line
If you're symptom free
Take an LFD
If you've symptoms, let me know
I won't be around
'Til your cough has gone away
And your fever's down

Hope you're not alone
When the test results are known
Blimey, I'm still free
Took my LFD
Gonna do my very best
And it ain't no lie
If you love me, take a test
No need to be shy

Take an LFD
Come on give me a break, will you?
Take an LFD

Oh, can you take your test baby?,
I'm in a hurry
Want to see you better

You don't wanna hurt me (oh)
Baby, don't worry (yeah)
I ain't gonna let you (I ain't gonna let you)

Let me tell you now
My love is strong enough
To last when things are rough, it's magic
You say that I waste my time
But I can't get you off my mind, no, I can't let go
'Cause I love you so

If you change your mind
I'm the first in line
Honey, I'm still free
Take a chance on me
If you need me, let me know
Gonna be around
If you've got no place to go
When you're feeling down

If you're all alone
When the pretty birds have flown
Honey, I'm still free
Take a chance on me
Gonna do my very best
Baby, can't you see?
Gotta put me to the test
Take a chance on me
Take a chance, take a chance, take a chance on me

Ba-ba-ba, ba, ba
Ba-ba-ba, ba, ba

Hope it doesn't hurt you
Baby don't worry
Do things by the letter

Let me tell you that
My antibodies are strong enough
To cope when things are tough, it's magic
You say that I waste my time
But my LFDs are fine, I have proof to show
Wherever I want to go

If it's on your mind
Be the first in line
If you're symptom free
Take an LFD
If you've symptoms, let me know
I won't be around
'Til your cough has gone away
And your fever's down

Hope you're not alone
When the test results are known
Blimey, I'm still free
Took my LFD
Gonna do my very best
To stay covid free
Busy taking tests
Love an LFD
Take a test, take a test take a test, test

Blah, blah, blah, blah, blah
Blah, Blah, blah, blah, blah

Honey, I'm still free
Take a chance on me
Gonna do my very best
Baby, can't you see?
Gotta put me to the test
Take a chance on me
Take a chance, take a chance, take a chance on me

Ba-ba-ba, ba, ba
Ba-ba-ba, ba, ba
Honey, I'm still free
Take a chance on me
Gonna do my very best
Baby, can't you see?
Gotta put me to the test
Take a chance on me
Take a chance, take a chance, take a chance on me

Blimey, I'm still free
Took my LFD
Gonna do my very best
To stay covid free
Busy taking tests
Love an LFD
Take a test, take a test take a test, test.

Blah, blah, blah, blah, blah
Blah. Blah, blah, blah. blah
Blimey, I'm still free
Took my LFD
Gonna do my very best
To stay covid free
Busy taking tests
Love an LFD
Take a test, take a test take a test, test.

3. Madness – Embarrassment (19th November 2021)

Received a letter just the other day
Don't seem they wanna know you no more
They've laid it down given you their score
Within the first two lines it bluntly read

You're not to come and see us no more
Keep away from our door
Don't come 'round here no more
What on earth did you do that for?

Our aunt, she don't wanna know she says
"What will the neighbors think, they'll think
We don't, that's what they'll think, we don't"
But I will, 'cause I know they think I don't

Our uncle he don't wanna know he says
"We are a disgrace to the human race", he says
"How can you show your face
When you're a disgrace to the human race?"

No commitment, you're an embarrassment
Yes, an embarrassment, a living endorsement
The intention that you have booked
Was an intention that was overlooked

Received a message just the other day
Seems I've managed to get covid once more
Took my PCR, got the wrong score
Within the first two lines it bluntly read

You can't go and see you family no more
Keep away from their door
Don't meet you friends no more
Support's available if you're poor

Our aunt, she don't wanna know she says
What will the neighbours think, they'll think
We don't test, that's what they'll think, we don't
But I do, 'cause I know my family won't

Our uncle he don't wanna know her says,
You are a disgrace to the human race, he says
A mask should have shielded your face
Under your nose was the wrong place!

Long Instrumental.....

No precautions, you're an embarrassment
Yes an embarrassment, a living endorsement
Things you chose to overlook
Is the reason that you're feeling crook

They say, "Stay away
Don't want you home today
Keep away from our door
Don't come 'round here no more"

Our dad, don't wanna know he says
"This is a serious matter
Too late to reconsider
No one's gonna wanna know ya"

Our mum, she don't wanna know, she says
"I'm feelin' twice as old", she says
"Thought she had a head on her shoulder
'Cause I'm feelin' twice as older
I'm feelin' twice as older"

You're an embarrassment

They say, stay away
You can't come home today
Keep away from the door
Stay at home and watch Netflix some more

Our dad don't wanna know, he says
"Covid's a serious matter
Too late to take a test now
No one's gonna wanna know ya"

Our mum, she don't wanna test, she says
"It's all a massive con", she says
Thought she had a head on her shoulder
I'll tell her when I'm feeling bolder
Tell her when I'm feeling bolder

Another long instrumental.....

We're an embarrassment!

4. Wham! – Club Tropicana (25th November 2021)

Let me take you to the place
Where membership's a smiling face
Brush shoulders with the stars
Where strangers take you by the hand
And welcome you to wonderland
From beneath their panamas

Club Tropicana, drinks are free
Fun and sunshine, there's enough for everyone
All that's missing is the sea
But don't worry, you can suntan

Castaways and lovers meet
Then kiss in Tropicana's heat
Watch the waves break on the bay
Oh soft white sands, a blue lagoon
Cocktail time, a summer's tune
A whole night's holiday

Club Tropicana, drinks are free
Fun and sunshine, there's enough for everyone
All that's missing is the sea
But don't worry, you can suntan

Club Tropicana, drinks are free
Fun and sunshine, there's enough for everyone
All that's missing is the sea
But don't worry, you can suntan

Let me take you to a place
You're greeted with a smiling face
Have your wax done by the stars
Where strangers take you by the hand
And lead you to a vacant stand
From the goodness of their hearts

Club Plymouth Argyle jabs are free
Covid vaccine, there's enough for everyone
All that's missing is some tea
But don't worry, soon you'll be done

Young and old together meet
Then you're asked to take a seat
While the Team explain the way
With gentle hands and caring smile
To help, they'll go the extra mile
You can go on holiday!

Club Plymouth Argyle jabs are free
Covid vaccine, there's enough for everyone
All that's missing is some tea
But don't worry, soon you'll be done

Long instrumental.....

Club Plymouth Argyle jabs are free
Covid vaccine, there's enough for everyone
All that's missing is some tea
But don't worry, soon you'll be done

Pack your bags
And leave tonight
Don't take your time
Gotta move your feet, don't you miss the flight!

Pack your bags
And leave tonight
Don't take your time
Gotta move your feet, don't you miss the flight!
(Cool, cool, cool, cool)

Club Tropicana, drinks are free
Fun and sunshine, there's enough for everyone
All that's missing is the sea
But don't worry, you can suntan
(Cool, cool, cool, cool)
(Cool, cool, cool, cool)

Another instrumental.....

Lift your sleeve
Don't be uptight
They'll take their time
Don't move around, they'll get it right!

Lift your sleeve
Don't be uptight
They'll take their time
Don't move around, they'll get it right!
(Cool, cool, cool, cool)

Club Plymouth Argyle jabs are free
Covid vaccine, there's enough for everyone
All that's missing is some tea
But don't worry, soon you'll be done
(Cool, cool, cool, cool)

5. Yazz (and the Plastic Population) – The Only Way Is Up! (7th December 2021)

We've been broken down
To the lowest turn
Bein' on the bottom line
Sure ain't no fun

But if we should be evicted
Huh, from our homes
We'll just move somewhere else
And still carry on

Oh
(Hold on) hold on
(Hold on) hold on
Ooh, aah, baby

Hold on
(Hold on) ooh ooh aah

The only way is up, baby
For you and me now
The only way is up, baby
For you and me now

Aah

Now we may not know, huh
Where our next meal is coming from
But with you by my side
I'll face what is to come

We've felt beaten down
Seems at every turn
Bein' above the bottom line
Sure ain't no fun

But if we remain convicted
Of, what we know
We'll just help someone else
To still carry on

Oh
Hold on, hold on
Hold on, hold on
Ooh, aah, maybe

Hold on
Hold on, ooh ooh ah

Don't want rates going up, maybe
Use LFDs now
Don't want rates going up, maybe
Use LFDs now

Aah

Now we may not know, huh
Where next ordeal is coming from
With the team side-by-side
We'll face what is to come

Aah, boy I want to thank you
Yeah, for loving me this way
Things may be a little hard now
But we'll find a brighter day

Oh, yeah
(Hold on) hold on
(Hold on) hold on
Ooh, ooh ooh

Hold on
(Hold on) won't be long
Ooh, yeah

The only way is up, baby
For you and me now
The only way is up, baby
For you and me now
Ooh ooh ooh

Talk about the only way is up, baby
Talk about the only way

Talk about the only way is up, baby
Talk about the only way
Talk about the only way is up, baby

Hold on
(Hold on) hold on
Hey

With joy I want to thank you
Yeah, for helping me this way
Things may be a little hard now
But we'll find a brighter day

Oh, yeah
Hold on, hold on
Hold on, hold on
Ooh, ooh ooh

Hold on
Hold on, won't be long
Ooh yeah

Don't want rates going up, maybe
Use LFDs now
Don't want rates going up, maybe
Use LFDs now
Ooh ooh ooh

Hoping that the rates aren't going up, maybe
Let it be the other way

Hoping that the rates aren't going up, maybe
Let it be the other way
Hoping that the rates aren't going up, maybe

Hold on
Hold on, hold on
Hey

Hold on
(Hold on) won't be long
No no no

The only way is up, baby
For you and me now
The only way is up, baby
For you and me now

The only way is up, baby
For you and me now
The only way is up, baby
For you and me now

The only way is up, baby
For you and me now
The only way is up, baby
For you and me now

The only way is up, baby
For you and me now
The only way is up, baby
For you and me now
Ooh ooh ooh

Hold on
Hold on, won't be long
No, no, no

Don't want rates going up, maybe
Use LFDs now
Don't want rates going up, maybe
Use LFDs now

Don't want rates going up, maybe
Use LFDs now
Don't want rates going up, maybe
Use LFDs now

Don't want rates going up, maybe
Use LFDs now
Don't want rates going up, maybe
Use LFDs now

Don't want rates going up, maybe
Use LFDs now
Don't want rates going up
Use LFDs now
Ooh ooh ooh

6. Bee Gees – Night Fever (10th December 2021)

Listen to the ground
There is movement all around
There is something goin' down
And I can feel it

On the waves of the air
There is dancin' out there
It's somethin' we can't share
We can't steal it

That sweet city woman
She moved through the light
Controlling my mind and my soul
When you reach out for me, yeah
And the feelin' is right

Then I get night fever, night fever
We know how to do it
Gimme that night fever, night fever
We know how to show it

Here I am
Prayin' for this moment to last
Livin' on the music so fine
Borne on the wind
Makin' it mine

Looking at the ground
I am swaying all around
I may be going down
And I can feel it

On the waves of the air
There's a virus out there
It's so easy to share
You can feel it

That horrible virus
It moves out of sight
Affecting my mind and my soul
Don't reach out for me, yeah
I'm not feelin' quite right

Think I've got slight fever, slight fever
Just got to get through it
Got that slight fever, slight fever
Don't know how to shift it

Here I am
Praying for this moment to pass
Wishin' I was now at day nine
Close to the end
Knowin' I'll be fine

Night fever, night fever
We know how to do it
Gimme that night fever, night fever
We know how to show it

In the heat of our love
Don't need no help for us to make it
Gimme just enough
To take us to the mornin'

I got fire in my mind
I get higher in my walkin'
And I'm glowin' in the dark
Give you warnin'

That sweet city woman
She moved through the light
Controlling my mind and my soul
When you reach out for me, yeah
And the feelin' is right

Night fever, night fever
We know how to do it
Gimme that night fever, night fever
We know how to show it

Here I am
Prayin' for this moment to last
Livin' on the music so fine
Borne on the wind
Makin' it mine

Slight fever, slight fever
Just got to get through it
Got that slight fever, slight fever
Don't know how to shift it

I'm so hot here my love
Might need some help for me to make it
Hope I've got enough
To take me to the mornin'

I got fire in my mind
I am struggling with the walkin'
I am feelin' pretty dark
That's my warnin'

That horrible virus
It moves out of sight
Affecting my mind and my soul
Don't reach out for me, yeah
I'm not feelin' quite right

Slight fever, slight fever
Just got to get through it
Got that slight fever, slight fever
Don't know how to shift it

Here I am
Praying for this moment to pass
Wishing I was now at day nine
Close to the end
Knowin' I'll be fine

Night fever, night fever
We know how to do it
Gimme that night fever, night fever
We know how to show it

Gimme that night fever, night fever
We know how to do it
Gimme that night fever, night fever
We know how to show it
Gimme that night fever, night fever
We know how to do it

Slight fever, slight fever
Just got to get through it
Got that slight fever, slight fever
Don't know how to shift it

Got that slight fever, slight fever
Just got to get through it
Got that slight fever, slight fever
Don't know how to shift it
Got that slight fever, slight fever
Just got to get through it

7. Communards – Don't leave me this way (17th December 2021)

Don't leave me this way
I can't survive
I can't stay alive
Without your love, no baby

Don't leave me this way
I can't exist
I will surely miss your tender kiss
So don't leave me this way

Oh baby, my heart is full of love and desire for you
So come on down and do what you've got to do
You started this fire down in my soul
Now can't you see it's burning out of control
So come on down and satisfy the need in me
'Cos only your good loving can set me free

Don't leave me this way
I don't understand how I'm at your command
So baby please, so don't you leave me this way

Oh, baby, my heart is full of love and desire for you
So come on down and do what you've got to do
You started this fire down in my soul
Now can't you see it's burning out of control
So come on down and satisfy the need in me
'Cos only your good loving can set me free
Set me free, set me free, set me free, set me free, set me free

Covid's not okay
I can't survive
May not stay alive
Without some luck, oh blimey

Covid's not okay
I may not exist
For long after this, no tender kiss
No, covid's not okay

Ahhh, baby, my cough is getting worse and I'm feeling blue
Feel sick as a dog, don't know what to do
Feels like I'm on fire down in my soul
Now can't you see I'm burning out of control
So come on please stick the needle in me
'Cause only a vax jabbin' can set me free

Covid's not okay
I will need a hand, as I can barely stand
Oh blimey, please, don't leave me to sway

Ahhh, baby, my cough is getting worse and I'm feeling blue
Feel sick as a dog, don't know what to do
Feels like I'm on fire down in my soul
Now can't you see I'm burning out of control
So come on please stick the needle in me
Cause only a vax jabbin' can set me free
Set me free, set me free, set me free, set me free, set me free

Instrumental

Come, satisfy me, come satisfy me
Don't you leave me this way

Don't leave me this way
I can't exist, I will surely miss your tender kiss
So don't leave me this way

Oh, baby, my heart is full of love and desire for you
So come on down and do what you've got to do
You started this fire down in my soul
Now can't you see it's burning out of control
So come on down and satisfy the need in me
'Cos only your good loving can set me free
Set me free, set me free, set me free, set me free, set me free

Don't you know by now, don't you know by now

Come vaccinate me, come vaccinate me
Covid's not okay

Covid's not okay
I may not exist, for long after this, no more tender kiss
No, Covid's not okay

Ahhh, baby, my cough is getting worse and I'm feeling blue
Feel sick as a dog, don't know what to do
Feels like I'm on fire down in my soul
Now my fever's burning out of control
So come on please stick the needle in me
Cause only a vax jabbin' can set me free
Set me free, set me free, set me free, set me free, set me free

Don't you know by now, don't you know by now

8. Wham! – Last Christmas (22nd December 2021)

Last Christmas, I gave you my heart
But the very next day, you gave it away
This year, to save me from tears
I'll give it to someone special

Last Christmas, I gave you my heart
But the very next day, you gave it away
This year, to save me from tears
I'll give it to someone special

Once bitten and twice shy
I keep my distance, but you still catch my eye
Tell me, baby, do you recognize me?
Well, it's been a year, it doesn't surprise me

"Merry Christmas, " I wrapped it up and sent it
With a note saying "I love you, " I meant it
Now I know what a fool I've been
But if you kissed me now, I know you'd fool me again

Last Christmas, I gave you my heart
But the very next day, you gave it away
This year, to save me from tears
I'll give it to someone special

Last Christmas, I gave you my heart
But the very next day, you gave it away
This year, to save me from tears

Last Christmas covid was a part
But it's clear that today, it's not gone away
This year, to save me from tears
Won't give it to someone special

Last Christmas covid was a part
But it's clear that today, it's not gone away
This year, to save me from tears
Won't give it to someone special

Instrumental

Once bitten and twice shy
I social distance, but you still stand nearby
Tell me baby, do you recognise me?
Well, in this mask, it doesn't surprise me

"Merry Christmas", we've all got to prevent it
With the rules in place, please don't circumvent it
Now I know what a fool I've been
But if you kissed me now, I know I'd catch it again

Last Christmas covid was a part
But it's clear that today, it's not gone away
This year, to save me from tears
Won't give it to someone special

Last Christmas covid was a part
But it's clear that today, it's not gone away
This year, to save me from tears

I'll give it to someone special

Oh
Oh, oh, baby

A crowded room, friends with tired eyes
I'm hiding from you and your soul of ice
My God, I thought you were someone to rely on
Me? I guess I was a shoulder to cry on

A face on a lover with a fire in his heart
A man under cover but you tore me apart
Ooh, ooh, now I've found a real love
You'll never fool me again

Last Christmas, I gave you my heart
But the very next day, you gave it away
This year, to save me from tears
I'll give it to someone special

Last Christmas, I gave you my heart
But the very next day, you gave it away
This year, to save me from tears
I'll give it to someone special

A face on a lover with a fire in his heart (I gave you mine)
A man under cover, but you tore him apart
Maybe next year, we'll give it to someone
I'll give it to someone special (special!)
So long!

Won't give it to someone special

Instrumental

A crowded room, friends, it's unwise
I'm hiding from you and your bleary eyes
Oh God, I thought you were someone to rely on
Me? It seems you're now just someone to fly from.

A face on 'me luvver' with a fire in his heart
He's probably got covid, best stay far apart
Ooh, ooh, now I've found a real love
Don't want to lose them again

Last Christmas covid was a part
But it's clear that today, it's not gone away
This year, to save me from tears
Won't give it to someone special

Last Christmas covid was a part
But it's clear that today, it's not gone away
This year, to save me from tears
Won't give it to someone special

A face on 'me luvver' with a fire in his heart
He's probably got covid, best stay far apart
Maybe next year, won't give it to someone
Won't give it to someone special
So long!

9. Human League – (Keep Feeling) Fascination (7th January 2022)

If it seems a little time is needed
Decisions to be made
The good advice of friends unheeded
The best of plans mislaid
Just looking for a new direction
In an old familiar way
The forming of a new connection
To study or to play

And so the conversation turned
Until the sun went down
And many fantasies were learned
On that day

Keep feeling fascination
Passion burning
Love so strong
Keep feeling fascination
Looking, learning
Moving on

Well the truth may need some
Re-arranging
Stories to be told
And, plain to see, the facts are changing
No meaning left to hold

If it seems that too much time is needed
Decisions never made
The good advice of Profs unheeded
The best plans never made
Just looking for a sane direction
In a so familiar way
The lack of any real connection
Lock down or let us play

And so the population turned
Until the rates went down
And many families were hurt
From that day

Keep having vaccinations
Covid free
Feel so strong
Keep having vaccinations
All the experts
Can't be wrong

Well the truth they've tried to
Re-arrange it
Tall stories have been told
And it's plain to see the facts aren't changing
To lie and be so bold?

And so the conversation turned
Until the sun went down
And many fantasies were learned
On that day

Keep feeling fascination
Passion burning
Love so strong
Keep feeling fascination
Looking, learning
Moving on

And so the conversation turned
Until the sun went down

10. Bee Gees (1979) or Steps (1998) – Tragedy (14th January 2022)

Here I lie in a lost and lonely part of town
Held in time in a world of tears I slowly drown
Going home I just can't make it all alone
I really should be holding you, holding you
Loving you, loving you

Tragedy, when the feeling's gone and you can't go on
It's tragedy, when the morning cries
And you don't know why, it's hard to bear
With no one to love you, you're going nowhere

Tragedy, when you lose control and you got no soul
It's tragedy, when the morning cries
And you don't know why, it's hard to bear
With no one beside you, you're going nowhere

Night and day there's a burning down inside of me, oh, ooh
Burning love with a yearning that won't let me be
Down I go and I just can't take it all alone
I really should be holding you, holding you
Loving you, loving you

Tragedy, when the feeling's gone and you can't go on
It's tragedy, when the morning cries
And you don't know why, it's hard to bear
With no one to love you, you're going nowhere

Here I lie, I feel lost and lonely and quite down
Held in time in a world of fear I can't calm down
Stuck at home I hope I make it all alone
I really should be holding you, holding you
Loving you, loving you.....

Tragedy, when you think it's gone, now there's Omicron
It's tragedy, when you hear more lies
And you could have died, it's hard to bear
With 10 days to go through, you going nowhere

Tragedy, when you lose control and you're in a hole
It's tragedy when you hear more lies
And you might have died, it's hard to bear
With 10 days to go through, you're going nowhere

Instrumental

Night and day there's a burning down inside of me
Burning up with a fever that won't let me be
Down I go I just can't make it all alone
I really should be holding you, holding you
Loving you, loving you

It's tragedy, when you hear more lies

11. Madonna – Beautiful Stranger (21st January 2022)

Haven't we met?
You're some kind of beautiful stranger
You could be good for me
I have a taste for danger

If I'm smart then I'll run away
But I'm not so I guess I'll stay
Heaven forbid
I take my chance on a beautiful stranger

I looked into your eyes
And my world came tumblin' down
You're the devil in disguise
That's why I'm singin' this song

To know you is to love you
You're everywhere I go
And everybody knows
To love you is to be part of you
I pay for you with tears
And swallow all my pride

Ta-da-da-da, da-da, da-da, da-da-da-da-da
Beautiful stranger
Ta-da-da-da, da-da, da-da, da-da-da-da-da
Beautiful stranger

Had the jab yet?
If not then you could be in danger
You could be bad for me
I don't have a taste for danger

As I'm smart think I'll run away
Fear of death, has to be that way
Heaven forbid,
I take a chance, I'm not up for that danger

I looked into your eyes
As you mask came tumblin' down
You're masks not for disguise
That's why we all go along

To know you is to fear you
Your fever's up I know
And everybody knows
To love you could be infected by you
I pray for you, have fears
And hope no-one has died

Ta-da-da-da, da-da, da-da, da-da-da-da-da
Think I'm in danger
Ta-da-da-da, da-da, da-da, da-da-da-da-da
Think I'm in danger

If I'm smart then I'll run away
But I'm not, so I guess I'll stay
Haven't you heard?
I fell in love with a beautiful stranger

I looked into your face
My heart was dancin' all over the place
I liked to change my point of view
If I could just forget about you

To know you is to love you
You're everywhere I go
And everybody knows

I looked into your eyes
And my world came tumblin' down
You're the devil in disguise
That's why I'm singin' this song to you

To know you is to love you
You're everywhere I go
And everybody knows
I pay for you with tears
And swallow all my pride

Ta-da-da-da, da-da, da-da, da-da-da-da-da
Beautiful stranger
Ta-da-da-da, da-da, da-da, da-da-da-da-da
Beautiful stranger

If I'm smart I should run away
But I'm not so I'd better stay
Haven't you heard
I fell in love with a delusional stranger

I looked into your face
You had a fever and coughed in my face
I was upset and thought I'd spew
I think I've now got covid too

To know you is to fear you
Your fever's up I know
And everybody knows

I looked into your eyes
As you mask came tumblin' down
You're masks not for disguise
That's why we all go along, you too?

To know you is to fear you
Your fever's up I know
And everybody knows
I pray for you, have fears
And hope no-one has died

Ta-da-da-da, da-da, da-da, da-da-da-da-da
Think I'm in danger
Ta-da-da-da, da-da, da-da, da-da-da-da-da
Think I'm in danger

12. Beatles – Let it be (28th January 2022)

When I find myself in times of trouble,
Mother Mary comes to me
Speaking words of wisdom, let it be
And in my hour of darkness
She is standing right in front of me
Speaking words of wisdom, let it be

Let it be, let it be, let it be, let it be
Whisper words of wisdom, let it be

And when the broken hearted people
Living in the world agree
There will be an answer, let it be
For though they may be parted,
There is still a chance that they will see
There will be an answer, let it be

Let it be, let it be, let it be, let it be
There will be an answer, let it be

Let it be, let it be, let it be, let it be
Whisper words of wisdom, let it be

Let it be, let it be, let it be, let it be
Whisper words of wisdom, let it be, be

When I'm hiding in my Covid bubble
All the guidance comes to me
With the words of wisdom.....LFD
And in my hour of darkness
When the fever's taken hold of me,
Follow words of wisdom.....LFD

LFD, LFD, LFD, LFD
Follow words of wisdom.....LFD

And when the stupid anti-vaxers
Make a point to disagree
There's a simple answer.....LFD
For through they are cold-hearted
There is still a chance that they will see
There's a simple answer.....LFD

LFD, LFD, LFD, LFD
There's a simple answer.....LFD

LFD, LFD, LFD, LFD
Follow words of wisdom.....LFD

Very long instrumental

FD, LFD, LFD, LFD
Follow words of wisdom.....LFD

And when the night is cloudy
There is still a light that shines on me
Shinin' until tomorrow, let it be
I wake up to the sound of music,
Mother Mary comes to me
Speaking words of wisdom, let it be

Let it be, let it be, let it be, let it be
There will be an answer

Let it be, let it be, let it be, let it be
There will be an answer

Let it be, let it be, let it be, let it be
Whisper words of wisdom, let it be, be

And when my head feels cloudy,
And the fever's taken over me
There is hope tomorrow.....LFD
I wake up feeling 10 times better
Could it be there's hope for me?
Follow words of wisdom.....LFD

LFD, LFD, LFD, LFD
There's a simple answer.....LFD

LFD, LFD, LFD, LFD
There's a simple answer.....LFD

LFD, LFD, LFD, LFD
Follow words of wisdom.....LFD

13. Bananarama – Venus (4th February 2022)

Goddess on the mountain top
Burning like a silver flame
The summit of beauty and love
And Venus was her name

She's got it
Yeah, baby, she's got it
I'm your Venus, I'm your fire
And your desire
Well, I'm your Venus, I'm your fire
And your desire

Her weapons were her crystal eyes
Making every man a man
Black as the dark night, she was
Got what no-one else had

Woow
She's got it
Yeah, baby, she's got it
I'm your Venus, I'm your fire
And your desire
Well, I'm your Venus, I'm your fire
And your desire

Gosh she's got a hacking cough
Burning like a silver flame
Something that I do not love
A virus that can maim

She's got it
Yeah baby, she's got it
It's the virus, she's on fire
Things are dire
Well it's the virus, she's on fire
Things are dire

Her vitals were in slow demise
Need to sort a funeral plan?
Black as a dark night she felt
Got what everyone had

Wow
She's got it
Yeah baby, she's got it
It's the virus, she's on fire
Things are dire
Well it's the virus, she's on fire
Things are dire

14. Diana Ross – Chain Reaction (11th February 2022)

You took a mystery and made me want it
You got a pedestal and put me on it
You made me love you out of feeling nothing
Something that you do

And I was there and not dancing with anyone
You took a little, then you took me over
You set your mark on stealing my heart away
Crying, trying, anything for you

I'm in the middle of a chain reaction
You give me all the after midnight action
I want to get you where I can let you make all that love to me
I'm on a journey for the inspiration
To anywhere and there ain't no salvation
I need you to get me nearer to you
So you can set me free

We talk about love, love, love
We talk about love
We talk about love, love, love
We talk about love

You make me tremble when your hand moves lower
You taste a little then you swallow slower
Nature has a way of yielding treasure
Pleasure made for you, oh

We got a vaccine and you made me want it,
We know it's plentiful, so get me on it,
I have to have it, though I'm feeling nothing,
'Cos it's good for you,

And so I'm still not dancing with anyone,
I social distance, but you still come over,
You set your mark on stealing my health away,
Crying, trying, won't do this for you....

I'm hoping that there is no bad reaction
I get the vaccine and I'm back in action
I want to get to where I can let you come round to watch TV
I'm on this journey didn't need persuasion
So get it done and there will be salvation
I need it to get me nearer to you
So it will set me free

Can't talk about love, love, love
Can't talk about love
Can't talk about love, love, love
Can't talk about love

It made me tremble when the hand moved lower
The needle near me could they go much slower
Nature has a way of taking pleasure
When it's done to you

You gotta plan, your future is on the run
Shine a light for the whole world over
You never find your love if you hide away
Crying, dying, all you gotta do is

Get in the middle of a chain reaction
You get a medal when you're lost in action
I want to get your love all ready for the sweet sensation
Instant radiation
You let me hold you for the first explosion
We get a picture of our love in motion
My arms will cover, my lips will smother you
With no more left to say

We talk about love, love, love
We talk about love
You let me hold you for the first explosion
My arms will cover you

All you gotta do is get in the middle of a chain reaction
You get a medal when you're lost in action (don't pass me by)
I want to get your love all ready for the sweet sensation
Instant radiation (oh oh)
You let me hold you for the first explosion (a first explosion)
We get a picture of our love in motion (don't make me cry)
My arms will cover, my lips will smother you
With no more left to say (all you gotta do is)

Get in the middle of a chain reaction (a chain reaction)
You get a medal when you're lost in action (don't pass my by)
I want to get your love all ready
For the sweet sensation, instant radiation (oh-oh)

You gotta plan, don't cry as it's almost done
Get it right it'll soon be over
You'll never find your love if you shy away
Crying, dying, it could come to you so

Had it done and there's no bad reaction
I got a plaster and some satisfaction
I want to get myself all ready for the sweet sensation
It's like radiation
You'd let me hold you, I don't want commotion
Can't have a picture of our love in motion
My arms can't cover, my lips can't smother you
Leave it for another day

Can't talk about love, love, love
Can't talk about love
You'd let me hold you, I don't want commotion
My arms can't cover you

All you got do is; have it done and there's no bad reaction
You'll get a plaster and some satisfaction
I want to get myself all ready for the sweet sensation
It's like radiation
You'd let me hold you, I don't want commotion
Can't have a picture of our love in motion
My arms can't cover, my lips can't smother you
Leave it for another day

Have it done and there's no bad reaction
You'll get a plaster and some satisfaction
I want to get myself all ready
For the sweet sensation, it's like radiation

You let me hold you for the first explosion (first explosion)

You'd let me hold you, I don't want commotion
Can't have a picture of our love in motion

15. Depeche Mode (1981) or The Saturdays (2009) – Just can't get enough (18th February 2022)

When I'm with you baby
I go out of my head
And I just can't get enough
And I just can't get enough

All the things you do to me
And everything you said
I just can't get enough
I just can't get enough

We slip and slide as we fall in love
And I just can't seem to get enough of

We walk together
We're walking down the street
And I just can't get enough
And I just can't get enough

Every time I think of you
I know we have to meet
And I just can't get enough
And I just can't get enough

It's getting hotter, it's a burning love
And I just can't seem to get enough of

I've got covid maybe?
I have got a sore head!
And I just can't shift this cough
And I just can't shift this cough

All the masks and distancing
I'm living with this dread
I just can't shift this cough
I just can't shift this cough

It's a tough ride as we fall in love
And I just can't seem to get my breath back

Can't walk together
Go walking down the street
And I just can't shift this cough
And I just can't shift this cough

I don't want to breathe on you
I know we cannot meet
And I just can't shift this cough
And I just can't shift this cough

I'm getting hotter, I'm on fire my luv
And I just can't seem to get my breath back

I just can't get enough
I just can't get enough
I just can't get enough

And when it rains
You're shining down for me
And I just can't get enough
And I just can't get enough

Just like a rainbow
You know you set me free
And I just can't get enough
And I just can't get enough

You're like an angel and you give me your love
And I just can't seem to get enough of

I just can't shift this cough

You're looking out for me
And I just can't shift this cough
And I just can't shift this cough

16. Barry Manilow (1975) or Take That (1992) – Could It Be Magic (25th February 2022)

Sun, sun

Spirits move me, every time I'm near you
Whirling like a cyclone in my mind
You're my life line, angel of my lifetime
Answer to all answers I can find

Baby I want you come, come, come into my arms
Let me feel the wonder of all of you
Could it be magic now, now, now and hold on fast
Could this be the magic at last?

Sun, sun
Sun, sun

Baby take me high upon a hillside
High up where the stallion meets the sun
I could love you, yeah build my world around you
Never leave you 'til my life is done

Baby I want you come, come, come into my arms
Let me feel the wonder of all of you
Could it be magic now, now, now and hold on fast
Could this be the magic at last?

Woh woh woh time
Woh woh woh take me
Woh woh woh time
Woh woh woh

Dumb, dumb?

Words they fail me, every time I hear news
Worrying like a cyclone in my mind
Need a life-line, how can we have good times
To the vulnerable, they all seem blind

Blimey I want some fun, fun, fun but without harm
Let me see the logic in what they do
This could it be tragic now, now, now so hold on fast
This could be so tragic, and last.

Dumb, dumb?
Dumb, dumb?

New rules shake me, can't rely on hindsight
Is it wise to just rely on none?
I would love to, yeah know it's right and sound too
No rules just because they think it's fun

Blimey I want some fun, fun, fun but without harm
Let me see the logic in what they do
This could it be tragic now, now, now so hold on fast
This could be so tragic, and last.

Woh woh woh time
Woh woh woh help me
Woh woh woh time
Woh woh woh

Could it be magic now, now, now and hold on fast
Could this be the magic at last?
Baby I want you come, come, come into my arms

Let me feel the wonder of all of you
Could it be magic now?

This could it be tragic now, now, now so hold on fast
This could be so tragic, and last.
Blimey I want some fun, fun, fun but without harm

Let me see the logic in what they do
Could it be tragic now?

18. Wham! – Freedom (11th March 2022)

Every day I hear a different story
People saying that you're no good for me
Saw your lover with another and she's makin' a fool of you, oh
If you love me baby, you'd deny it
But you laugh and tell me I should try it
Tell me I'm a baby, and I don't understand

But you know that I'll forgive you
Just this once, twice, forever
'Cause baby, you could drag me to hell and back
Just as long as we're together
And you do

I don't want your freedom
I don't want to play around
I don't want nobody, baby
Part time love just brings me down
I don't need your freedom
Girl, all I want right now is you

Do, do, do
Whoa, oh, yeah
Do-do-do-do-do-do
Do-do-do-do-do-do

Every day I hear the same old story
Covid's bad and jab is so good for me
Saw another silly bugger and they're making up stuff that's new
If you love me baby you would try it
But you laugh and join those who deny it
Give me just a 'maybe' and I would understand

But you know that all they give you
Is just once, twice and booster
'Cause baby it will make you stay well in fact
Just don't try to be too clever
It's not flu

I just want some freedom
I just want to play around
I don't want Omicron baby
Covid symptoms bring me down
I just want some freedom
Oh crap, I think it's worse than flu.

Flu, flu, flu
Whoa, oh, yeah
Flu-flu-flu-flu-flu-flu
Flu-flu-flu-flu-flu-flu

Like a prisoner who has his own key
But I can't escape until you love me
I just go from day to day knowing all about the other boys
You take my hand and tell me I'm a fool to give you all that I do
I bet you someday, baby, someone says the same to you

But you know that I'll forgive you
Just this once, twice, forever
'Cause baby, you could drag me to hell and back
Just as long as we're together
And you do

I don't want your freedom
I don't want to play around
I don't want nobody, baby
Part time love just brings me down
I don't need your freedom
Girl, all I want right now is you

Do, do, do
Can't you see you're hurtin' me?
Whoa, oh, yeah
Do-do-do-do-do-do
Do-do-do-do-do-do

Think of pensioners and those who're CV
Trying to stay alive whilst you just roam free
Why just go from day to day with them missing out on all life's joys?
It seems so planned and I know it's not cool that they miss all that I do
I'm hoping no way baby, no one does the same to you.

But you know that all they give you
Is just once, twice and booster
'Cause baby it will make you stay well in fact
Just don't try to be too clever
It's not flu

I just want some freedom
I just want to play around
I don't want Omicron baby
All the symptoms bring me down
I just want some freedom
Oh crap, I think it's worse than flu.

Flu, flu, flu
Can't you see, no hope for me?
Whoa, oh, yeah
Flu-flu-flu-flu-flu-flu
Flu-flu-flu-flu-flu-flu

You hurt me baby, hurt me baby
Oh
Do-do-do, do, do, do, do
Do-do-do, do, do, do, do
Do-do-do, do, do, do, do
Do-do-do, do, do, do, do
You hurt me baby, hurt me baby

But you know that I'll forgive you
Just this once, twice, forever
'Cause baby, you could drag me to hell and back
Just as long as we're together
And you do

I don't want your freedom
I don't want to play around
I don't want nobody, baby

Part time love just brings me down

I don't want your (I don't want your)
I don't want your (I don't want your)
I don't want your (I don't want your)
