

Covid 19 Final Entry - Statistics

Covid-19 has around 20-2,000+ victims a day losing their lives. Around 2,000-10,000+ people are being diagnosed a day. This whole corona virus is a total pain because of all the lives that we have lost as well as everything that has been shut down and re-opened and shut down again. Everyone's lives have changed and their still is no vaccine thoroughly thought through and produced yet. Hopefully everything will be over soon.
