

Covid-19: Responding as One Region

Jordyne Krumroy <jordyne@welcomingamerica.org>

Wed 3/18/2020 9:29 PM

Hi All,

Thanks to those of you who joined our outreach call today. In these trying times, I am encouraged by all the great work you're doing to ensure the safety and wellbeing of your community.

As COVID-19 continues to change daily, we wanted to share a few resources and tools with you. **Tomorrow at 2pm, Welcoming America is coordinating a "brown bag" discussion for members to share how you have been coordinating responses / communicating during this public health emergency.** With rapid response efforts underway and rapidly changing, our goal is simply to convene members to share what you are seeing and doing, what's working/not working, and problem-solve together. [Click here to register for the webinar.](#)

Some early resources are below:

Please Note Some materials are specific to a local community. Please review and consider how to adapt so as to not spread further confusion as responses and services vary state by state. I'm recirculating the [Switchboard's round-up of multilingual resources on COVID-19](#) and linking to a few additional resources below.

- [LA County has fact sheets](#) ranging from cleaning in group settings to how to cope with stress to what to do if exposed in 13 different languages.
- The City of Baltimore Mayor's Office of Immigrant Affairs has prepared [translations of information on the coronavirus](#) in an effort to increase awareness in Baltimore's immigrant communities and limit the spread of COVID-19.
- The City of Houston has [produced ASL videos](#) and a video in Spanish with information on preventing the spread of germs and identifying symptoms of COVID-19.
- RCUSA translated the [CDC Prevention flyer into 19 different languages.](#)
- The City of Aurora, Colorado has translated [information on its website.](#)
- NYC Department of Health has translated an in-depth [factsheet.](#)

Please continue to rely on each other during this time and let me know what additional support you need. More than ever, our communities need us to coordinate efforts, display leadership, and find innovative ways to ensure that everyone, including immigrants and refugees, can thrive.

More to come soon,

Jordyne Krumroy | Regional Manager
