Hi all,

I am on the organizing committee for the Graduate Employees of Northeastern University-UAW, the union of research and teaching assistants. We have support in every department and hope someday to become recognized and achieve a contract. Our goal in the interim is to understand graduate workers' opinions about Fall reopening and the priorities most important to you, whether it's free PPE and free on-campus testing, student data privacy, or protecting international students from deportation. If you are in the PhD program, please fill out this survey: <http://bit.ly/GENU-Fall2020>

If you are an incoming first-year research or teaching assistant and would like to sign a union card, please let me know as well.

Thank you,
Adam Tomasi
