“I am in Sullana Piura and more than 500 taxis are all over the city. Is this permitted or is it that the police cant do anything, in that case there should be a general stay at home order with allowance for basic necessities, but these people go out to work without thinking.”

CARLOS ZAPATA

Replying to @MinisterioPeru

"Gentlemen of the Department of Transportation, it is unjust that the public workers who have not worked since the fifteenth of March receive their full paycheck in the month of April (they have already received March), from two thousand up to 16 thousand or more if they have not worked"

CARLOS ZAPATA

Replying to @MinisterioPeru

"It is unjust because those public workers who are at home are saving their money, maintaining their life style, when whats important now is food, paying for services, and that their families are safe"

CARLOS ZAPATA

Replying to @MinisterioPeru

"those who are in the private sector, the companies will not pay them, and only pay them March 15 or at best full pay, but not in April. How will they pay their workers if they have no money in their accounts? There is no liquidity, they cannot pay"

CARLOS ZAPATA

Replying to @MinisterioPeru

“It is unfair because we have police, cleaning etc who are working, and who risk their life only to receive their full pay, they should receive a bonus, and the other extreme public servants do not work and still receive their full pay”

CARLOS ZAPATA

“I’m referring to the ones who don’t have enough to eat and live day to day”
