to me

Thank you Melissa!

Would you have any availability to meet over Zoom for a chat this week? I am available on Thursday after 7pm, and I am available on Friday morning, afternoon, and evening as well.

If this week doesn't work, we can meet next week too 😊

Just let me know a time that works best for you, and I can send a calendar invite for a Zoom meeting. Otherwise, if you prefer, we can also just chat over the phone.

Thank you for your support!

Here is the original piece!!

I hope that it can be used somewhere Productive?

- I am by Profession a Part-time Instructor of Creative Writing. I received my master's degree in Creative Writing from Concordia University. Right now, since the Coronavirus crisis hit, I have been a full-time Stay-at-Home Mom with our two lovely daughters, Emily 8, and Lisa 10! They have been having the hardest time since the Coronavirus Situation hit our Country. Many times, Emily will say to me 'Mommy, I'm scared, when will this crisis end? I'm sorry because I really don't know what to say to her, at that age!! When I was a little girl, we didn't have to face such a crisis! The closest thing we had was in 1961, to hide under our school desks, during siren drills!
- Mentally, lately, I have personally been having frequent bouts of Severe Depression, whereby I feel like crying a lot, but my daughters and my husband, Dennis, kisses me, comforts me, and tells me not to Worry!!
- My Father-in-Law has recently been admitted to the hospital, after he began having severe stomach pains, after helping my Mother-In-Law to lift several boxes of heavy furniture! He was in the hospital for a series of tests, after which it was discovered that he had damaged his Kidneys and 1-2 months of Intense Physical Therapy, combined with daily Anti-Biotics!

A Group of Ladies that I belong to at my Church, have been commenting, "Boy Melissa, you simply don't seem like your Cheerful, jolly, Loving self, are you sure you are alright?? Is there anything that We can do to help you and Dennis?"

- I typically work Outside-the-Home, but lately, because of our two daughters, I have

chosen to work remotely from Home! But their smiles  make it all worthwhile!!

- My husband and I are both, definitely practicing Social Distancing!! My girlfriends All Admire the 'Courage-Of-My-Conviction!' They tell Me Openly that they feel that I AM TRULY ONE OF THE BRAVEST WOMEN THAT THEY KNOW!! Although Dennis and I have to frequently visit his parents only via Skype! This is often-times distressing!
- Because of this, We hardly-Ever, if Ever, Go Outside Our Home, so We have had to cancel Running of All Errands, and We absolutely do no Travelling and Outside trips, (Except the get-the-mail), and So we Obviously pursue All of Our Leisure, Social Activities, and all such Celebrations like Thanksgiving, and Christmas, online via Zoom!
- Personally, I Definitely think that The government could have done a lot more in the wake of this Covid-19 GLOBAL PANDEMIC. Of course, I am relieved now that we are going to have a Wonderful New Administration in Washington, D.C.! I just hope to-GOD THAT THEY DO NOT "TAKE THEIR EYES OFF THE BALL!!"
- As the Mother of two young girls, it pains me very much so just think about 'what kind of future my daughters are going to have, if we fail once again to 'Nip this crisis in the bud'?
- Definitely, I am hopeful that as a World Community, we will all be coming much closer together!! This makes me smile too!
