Transcriber: Michael Wohl

Abstract: This audio describes the experience of flying to and visiting Hawaii in April of 2021.

Caitlin Stoll 00:00

My name is Caitlin Stoll, and this is my audio reminiscence of my trip to Hawaii from April 2021. Back in April of 2021, I had the opportunity to fly out to Hawaii for a quick vacation to see my fiance. In order to do so, my fiance's parents and I were required to sign up with the Hawaii's safe travels program and have a negative test. about 72 hours prior to the trip. While flying we were required to wear a mask during the whole length of the flight. Even out there. There were some parts of the island where we were required to wear masks outdoors and in spacious areas.
