to me

Hey Parents!

WE. DID. IT. We successfully did kindergarten in a worldwide pandemic. We did it virtually and we did it in-person.

We did it with mask on. We laughed. We cried. We learned. And we made history! I am incredibly proud of my students, all of you parents and grand-parents, our school and our staff. Y'all, WE DID THIS THING!!! THANK YOU....TO ALL OF YOU!!!

One of the hardest thing about being a teacher that no one else even know: You make a little family and then you say goodbye. EVERY. SINGLE. YEAR. This year has been the most difficult year of my entire career, but I wouldn't have it any other way! I am so proud of your child and of YOU!

Check your child's 'book bag'. In it, you will find:

- a 'Summer Survival' kit filled with things to help your child prepare for 1st grade.
- your child's last Kindergarten report card
- a special award certificate for them

Thank you for sharing your child with me this year! I will NEVER forget them and all the hard work they accomplished!

Have the most wonderful summer of your life and make lots of incredible memories!!

That's a wrap for the most incredible school year EVER!!
